About the Founder Chairman

Late Shri Gajanand Palriwala

Late Shri Gajanand Palriwala, the Founder Chairman of the Palriwala Educational Research and Training Society (PERTS) was a great visionary and philanthropist, a symbol of courage and conviction. A firm and fearless personality, he was determined to serve the poorer and underprivileged sections of society with dedication and worked relentlessly towards this. His life and dedication provide an inspiring role model for the youth.

Born on 22nd April, 1926 in Lachhmangarh, a small town in Sikar district of Rajasthan, Gajanand Palriwala joined his family business at the age of 17. By his sheer hard work, he learnt the trade, built up the family enterprise and came to manage a number of companies.

As he withdrew from business, he established the Seth Madanlall Palriwala Foundation (SMPF) of which he was founder-chairman. His vision in setting up the SMPF was to be able to support social welfare and empowerment programmes for youth, women, and the underprivileged as well as projects that enabled environmental development, across the country, but also in the region of his family's origins.

Late Shri Gourishankar Palriwala

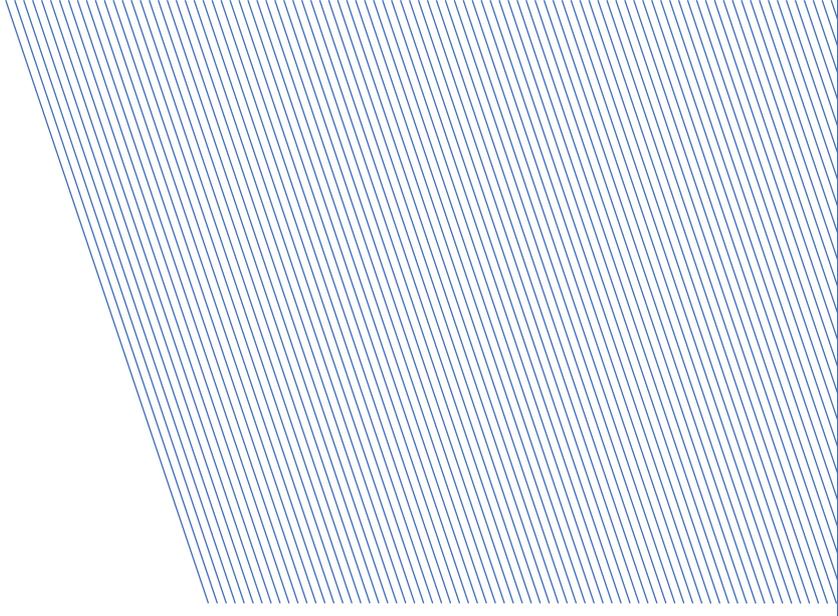

Late Shri Gourishankar Palriwala, the elder brother of Shri Gajanand Palriwala, was also a symbol of courage and will power, a visionary and a philanthropist. At a very young age, Gourishankar Palriwala fell ill with polio that left him differently abled physically. This did not hold him back, not least through the support he received from his younger brother, Gajanand Palriwala. After completing his college education, he entered the family business, later travelled to the USA, and there took the family enterprise to new heights. He strongly believed that their financial success must be returned to society, through activities to enable the welfare and development of the poor and the underprivileged. Hence, he ploughed most of the earnings and profit into charitable foundations tasked to do so. However, his health did not allow him to pursue his vision.

Though his activities in educational philanthropy were long standing, Shri Gajanand Palriwala spent the last two decades of his life in trying to make his own and his elder brother's vision into a reality. Most of the financial support to the Palriwala Educational Research and Training Society (PERTS) continues to be provided by the Seth Madanlall Palriwala Foundation (SMPF).

About Us

The Palriwala Educational Research and Training Society (PERTS) is a registered NGO active since 2007. The organisation was founded under the leadership of Late Shri G.N. Palriwala. Our main objective is development of youth, enabling them to earn their livelihood with self-esteem, dignity, and values that are oriented to the environment, local development and social harmony.

Mission

Our mission is socio-economic development and betterment of the poorer and deprived sections of society. It is aimed to achieve this by skill development of young men and women so as to enable them to earn their livelihood with self-esteem and dignity.

Credo

Quality Training - Improving Life

We are committed to impart quality training along with personality development of our students to make them complete citizens. To fulfil our commitment, we have established two fully-equipped training institutes at Lachhmangarh in Sikar district of Rajasthan providing skill development to youth:

Palriwala Vocational Training and Research Institute (PVTRI) imparts short term informal vocational training.

Palriwala Vocational Training and Research Institute Private ITI imparts formal industrial training. PITC is affiliated to the NCVT (National Council for Vocational Training) and DGE&T, Government of India, and has accreditation of the Quality Council of India.

Organisation Structure

Governing Body

The Governing Body comprises eminent professionals, academicians, businessmen and teachers and includes:

Smt. Suman Gupta, Teacher

Dr. S. Chona, Formerly Principal of Delhi Public School, R.K. Puram, New Delhi and currently President, TAMANA Association, New Delhi.

Dr. Pronab Sen, Formerly Secretary, Ministry of Statistics and Programme implementation and Chairman of the National Statistical Commission (GOI)

Prof. Rajni Palriwala, Professor of Sociology, Delhi School of Economics, University of Delhi

Shri Nirmal Gupta, Businessman

Shri S.P. Bagla, Retired IAS Officer, Govt. of India

Dr. B.P. Dhaka, Independent Advisor

Shri J.P. Bairagra, Chartered Accountant and Businessman

Shri K.C. Paliwal, Formerly G.M., UCO Bank

Shri Sunil Kumar Kejriwal, Businessman

Prof. O.P. Sharma, Professor (Retired), IIT, Delhi

Dr. Santosh Satya, Professor, IIT-Delhi

Local Management Committee

The Local Management Committee manages both institutes of PERTS at Lachhmangarh and comprises the following professionals from different areas:

Shri K.C. Paliwal, Retired GM, UCO Bank

Prof. A.K. Sharma, Secretary and former Principal, BD Todi College, Lachhmangarh

Ms Rainu Singh, Executive Director, DISHA, Jaipur

Shri Raghuvir Pareek, GM, Shree Raghunath Hospital, Lachhmangarh

Dr. N.S. Nathawat, Principal, BD Todi College, Lachhmangarh

Smt. Gaytri Porwal, Principal, Shree Raghunath Balika Vidyalay, Lachhmangarh

Shri Rakesh Malviya, Principal, Palriwala ITI

Shri Virendra Choudhary, Director, Marwar Trucking Pvt Ltd, Bikaner and Jodhpur, and Secretary, Choudhary Mularam Memorial Educational Society, Nagaur

Our Context

The people of Sikar District, Rajasthan, India are in the midst of a search for transformation with a younger generation aspiring to improve their economic situation and searching for new ways to do so.

Family-household based enterprises and incomes from agriculture, animal husbandry, and trade have for some time been insufficient to sustain daily needs for much of the local populace, leave aside new aspirations, resulting in a demand for jobs beyond these sectors.

The youth in the community are facing various problems:

- High levels of youth underemployment, including long-term underemployment.
- Insecurity of income and low earnings.
- High aspirations for employment in government jobs and local trades as sources of security and status.
- Inadequate opportunities for vocational education and training.
- Changes in the role of the family as a vehicle for shared responsibility and socialization of youth.
- Lack of opportunity for young people to participate in the life of society and contribute to its development and well-being.

Programme Activities

Palriwala Vocational Training and Research Institute

At Palriwala Vocational Training and Research Institute (PVTRI), we provide short term vocational training in diverse areas to skill the poor, deprived and unskilled. We envision the learned skills and associated personal development will enable our trainees to sustain their livelihood with self esteem. Training fees are nominal. We offer the following training courses:

Quality Training

In-tune with our Credo of Quality training - Improving life, our training includes the following important aspects:

- ITI Course designed as per latest norms of DGT and accreditation with QCI
- Short term vocation courses are designed as per norm of GTZ
- CTI trained instructors
- Use of audio visual equipment for training
- Compulsory basic computer training
- On the job training
- Use of individual trainee's feedback for improvement
- Sharing success stories by successful alumni
- Open discussion sessions

Awareness Programmes

Paliwala Educational Research and Training Society (PERTS) conducts special discussion and Q&A sessions for our trainees in areas of social concern. We also undertake campaigns as part of our outreach programmes to educate the local population regarding possible vocational training, the potential of such training, and opportunities that will open up for changes in their lives and in society. We find that there is still little awareness regarding the variety of skill trainings and opportunities that can follow. Our awareness campaigns take the following forms:

Road Shows

Door to Door visits in villages & urban neighbourhoods

Open days at our institutes

Free medical check-up Camps

Career Counselling Seminars

Motivational Talk Shows

Presentations at Schools & in Community places

Print & Social Media

Special Motivation Schemes

Freeships

To encourage young women, we provide freeships in specific courses, equal to 25% - 50% of the total training fee depending on their financial backgrounds.

Free transportation

We offer free transportation facilities to women students, to-and-from the institutes within the town of Lachhmangarh.

Sports

We organise sports competitions as a platform for the youth of the surrounding areas to enhance their talents and skills in sports such as volleyball, kabaddi, athletics, and badminton.

Cultural Activities

We organise competitions in debates, essay writing, singing, dancing, rangoli making, mehendi, and painting.

Post training support system

Post completion of training courses, we help our students with employment opportunities including self employment by arranging campus placement, recruitment fair, loan fair, etc.

Success Stories of our Trainees

Most of our students of both the institutes, after completion of their training, have become successful to start earning their livelihood by starting self employment, employments in government departments, private enterprises and elsewhere in India and abroad. It gives us immense pleasure to share some of the success stories of the alumni of our PVTRI and PITC as follows:

“ Preeti could not continue in school after Grade X due to the economic condition of her family and her frail health. After a one-year gap, She joined the Diesel Mechanic course at PITC. After successful completion of her course, she is working as sales and service adviser in a TVS Motors dealership and is supporting her family financially.

Preeti Sharma
Mechanic Diesel trade

“ Subhash is from rural Lachhmangarh and his family is in agriculture. Upon successful completion of the Electrician course from PITC, Subhash who was a topper of the first batch of PITC in 2010, succeeded in his attempt in government recruitment examinations in 2011 and is now in government service.

Subhash Buradak
Electrician trade

“ Jitendra was a bus driver and joined the Diesel Mechanic course in PITC. He now has his own Two-Wheeler Repairing Workshop at Lachhmangarh and is earning more than Rs. 20,000/- per month.

Jitendra Saini
Mechanic Diesel trade

“ Maina is from Churu and her father is a mason, whose earnings are low. Maina joined the PVTRI Beautician course and has now started her own beauty parlour at Churu with earnings of more than Rs. 10,000/- per month.

Maina Prajapat
Beauty and Personal care trade

“ Phool Chand was successfully trained as a Diesel Mechanic. Thereafter, he completed the diploma course in electrical engineering and started his own business for installation and supply of solar panels. His monthly earnings have already crossed Rs. 30,000/-.

Phool Chand Kumawat
Mechanic Diesel trade

“ Anuj trained in singing and music at PVTRI. He has participated in various state level music and singing competitions and won the prestigious 'Rajasthan Idol' award in 2013. Since then, he has performed in various cities like Kolkata, Faridabad, Delhi, Mumbai, Jaipur and has also successfully completed three music video albums named 'Lihaaf', 'SajanTujh Sang' and 'Mohabbat'.

Anuj Chitlangia
Singing and Music trade

“ Laxmi is from a poor family. She successfully completed her training in Tailoring (stitching) trade from PVTRI and started tailoring at home. She is now financially independent and earns Rs. 7,000/- per month.

Laxmi Badgujar
Tailoring (stitching) trade

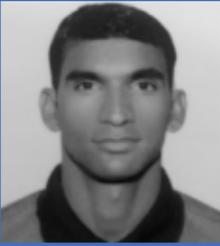

“ After completing his graduation, Vikas desired to learn about computers and joined training in our COPA trade. On completing his training, he started his business as an authorized dealer for E-mitra to provide digital and online services at Lachhmangarh to various government agencies. His present monthly income is more than Rs. 35,000/-.

Vikas Choudhury
COPA trade

“ He is the son of a Motor cycle Mechanic and of a middle class family. He learned basic singing at PVTRI and further polished his singing skills on his own. Now, he has own music band, 'JK Beats', at Jaipur, which performs in various music events across the country. Recently, he won a singing competition, 'Sing like a Star', held in Dubai.

Jameer Mohammed
Singing and Music trade

“ He is from a poor farmer's family from Churu district in Rajasthan. He completed his training in Electronics Mechanic trade at PITC. He has been selected as a Maintenance Mechanic by Delhi Metro Rail Corporation.

Budha Ram Prajapt
Electrician trade

“ Son of a farmer, he completed training in the Diesel Mechanic trade at PITC. Recently, he has been selected in the Indian Army.

Pankaj Kumar Bagariya
Mechanic Diesel trade
